Executive Summary

InGolf & Utility is a proudly Australian, family-owned and operated business that serves as the exclusive importer and distributor of Club Car golf carts, utility vehicles, commercial vehicles, and ATV/4x4 vehicles across New South Wales, Australian Capital Territory, Victoria, and Tasmania. The company represents one of the most recognized names in the global golf cart industry—Club Car, a brand owned by Textron Specialized Vehicles, a Fortune 500 company.

The business operates from two strategic locations: its headquarters in Campbelltown, NSW, and a warehouse facility in Dandenong South, VIC. This dual-location structure enables efficient coverage of the eastern Australian market, with field service technicians providing mobile support across their service territories.

InGolf & Utility differentiates itself through comprehensive after-market support, offering not just vehicle sales but also genuine Club Car parts, professional servicing (both workshop and mobile), rental/leasing options, and the market-leading Visage GPS fleet management software. The company has established itself as a trusted supplier to major golf events including the Australian Open, Victorian Open, and TPS tournament series, and previously supported global events such as the 2019 Presidents Cup and 2018 World Cup of Golf in Melbourne.

With decades of industry experience and a commitment to exceptional service, InGolf & Utility serves a diverse clientele including golf courses, airports, schools, universities, resorts, and various private operators seeking high-quality, reliable transportation solutions.
